

# Exchange Rates

---

## Provides:

This API provides currency exchange rates between a large number of currencies historically and currently.

## Key Provisioning:

**Pain factor** (*0=easy...5=nightmare*): 

- No key required!

## Quotas:

- No limits!

---

## The Good:

- Accurate information—uses data published by European Central Bank
- No keys or rate limiting
- Can request specific time periods

## The Bad:

- Doesn't include every currency
- Limited information

## The Ugly:

- Nothing!
